

WMC Custom Course Booking Form

Thank you for inquiring about a custom wilderness first aid course with Wilderness Medical Consultants (WMC). We can provide an excellent course for your group, ranging from 1-30 days in length. We can also customize the course to teach what you want to learn.

In order to provide a quote to you we ask that you please fill out this form and we will get back to you shortly. Please note that we often get requests and bookings up to 6 months in advance, so the more notice you give us the better chance we have of being available on your preferred dates. We look forward to working with you!

Please email the completed form to us at info@WildernessMedicalConsultants.ca or FAX: 250-344-4735.

Address of Course Location:

Desired Course Dates:

Desired Course (or length of course):

Do you require CPR training?

How many students do you anticipate taking the course?

Do you have a facility to run the course?

Do you have accommodations for the instructors?

Does your group have previous first aid experience?

Would you allow others to join your course or do you want to keep it a private group?

Is there anything extra you think we should know?

Thank you for completing our form. Please give us a couple of days to process your request and develop a quote for your custom course.
